## Updated Rate Action Implementation Schedule and Matrix of State and Policy Series – February 8, 2008

This month, we will begin implementing rate actions in an additional four states – Arizona, California, Hawaii and New Jersey. We also will implement additional policy series in North Carolina. Producer notification mailings will begin February 20, and policyholder mailings will begin February 27.

Please refer to the [updated matrix](#) for a current listing of the states and policy series where implementation is in process.

We will continue to update you as we move forward with implementation in additional states and policy series.

Also, as you are aware, both the timing and process for filing varies by states. As such, we ask that you and your producers direct any policyholder questions about the state filing process relative to the rate actions to Genworth Customer Service at 877 870.5175.

If you have questions, please contact your internal sales desk.
